

## **IMPERIAL AUTO INDUSTRIES LIMITED ENVIRONMENT PROTECTION POLICY**

At Imperial Auto Industries Ltd. ("IAI" or the "Company"), we are dedicated to embodying the essence of a responsible corporate entity, proactively enhancing the welfare of both society and the environment with a steadfast commitment to the triple bottom line—**people, the planet, and profits.**

**To fulfil this commitment, the company will.**

- 1) Strive to create a positive impact on communities by aligning our environmental goals with the company's mission and vision and incorporating these objectives into every aspect of our operations to protect the environment.
- 2) Focuses on environmental load reduction and resource optimization.
- 3) Implement standardized processes, work practices and review mechanisms to protect the environment and prevent pollution.
- 4) Providing all relevant information, instructions, training and supervision to employees and service provider to carry out their tasks in accordance to protect the environment.
- 5) Continuously enhance environmental performance by utilizing cutting-edge technology upgrades to adhere to EMS standards.
- 6) Ensure legal compliance and other requirements all the time.
- 7) Ensuring that there are sufficient resources, support, and incorporation of Environmental standards in every activity and decision-making process to enhance Environmental performance.

The policy shall be communicated to employees, suppliers, customers, visitors, and all stakeholders via various mode of communication and shall be displayed at all the locations.
